

MELROSE PARK DISTRIBUTION CENTRE & TRAINING FACILITY IS NOW OPEN.

The new Distribution and Training Centre at Melrose Park in Adelaide has opened to improve delivery times to customers in Adelaide's Southern suburbs and provide a dedicated staff and customer training centre.

This new store services customers south of Anzac Highway to Adelaide's Southern Vales, including Lonsdale, Christies Beach, Seaford, and Aldinga to name a few. From this convenient location southern customers can now expect to be serviced in a shorter period of time.

JAS recognise that vehicle owners are always time critical on repairs, whether its parents that need to drop off and pick up the kids from school or delivery drivers and trades people who need their vehicles to make their living. This new distribution site will cater for improved distribution times in the growing population areas of Adelaide's Southern suburbs, especially with the new site's close proximity to the Southern Expressway.

Please continue to call JAS Regency Park or your local Account Manager Chad Fisher and they will arrange your orders to either be dispatched via courier or ready for collection at the new Melrose Park distribution centre.

The new facility has also been set up to cater for staff and customer training with a dedicated training room, with electrical and AC test and demonstration equipment. Our Training Manager Mark Bailey, and Rotating Product Manager Chris Constantakis, are also based here and can assist customers with technical and product support.
