

# Push / Pull Solenoids

PUSH / PULL SOLENOIDS

## E65-RP2307

### Push / Pull Solenoid

- Push / Pull Solenoid 12V
- Combined Push / Pull operation in one unit
- 1" (25mm) Stroke @11 Lbs
- 23 Lbs Hold at Full Voltage
- Can be used with most engine start systems

## E65-RP2308

### Push / Pull Solenoid

- Push / Pull Solenoid 24V
- Combined Push / Pull operation in one unit
- 1" (25mm) Stroke @11 Lbs
- 23 Lbs Hold at Full Voltage
- Can be used with most engine start systems

## E65-RP2309

### Push / Pull Solenoid

- Push / Pull Solenoid 12V
- Combined Push / Pull operation in one unit
- 1.5" (38mm) Stroke @14 Lbs
- 3 Lbs Hold at Full Voltage
- Can be used with most engine start systems

## E65-RP2310

### Push / Pull Solenoid

- Push / Pull Solenoid 24V
- Combined Push / Pull operation in one unit
- 1.5" (38mm) Stroke @14 Lbs
- 3 Lbs Hold at Full Voltage
- Can be used with most engine start systems
