

WDWL-5S25DT-RW

LED Red Zone Warning Light

Features

- Die cast for superior heat dissipation
- Adjustable trunnion mounting bracket
- Vertical fins maximize heat dissipation
- Low power consumption
- Projection lens
- Red zone pedestrian warning light for forklifts

Specification

Input voltage	Current draw(@12V)		Wattage
DC 10~60V	2.08A		25W
Operating temperature	IP rating	Weight	Luminous flux
-40℃~+80℃	IP69K	420g	800lm
Housing color	Vibration rating		Lifespan
Black	15G		50,000hrs
