

EC12C - REMOTE MOUNT CONDENSER

A31-EC12C2 A31-EC12C4

12v
24v

BTU's: 13,648
Airflow: 900CFM (1529m3/h)

Current Draw: 20Amps @ 12VDC
10Amps @ 24VDC

Height: 225mm
Width: 600mm
Depth: 455mm
Weight: 10.0kg

EC12C is manufactured with a heavy-duty mild steel case and provided with a powder coated finish. The unit can be mounted in vertical or horizontal configuration.

EC12C has been developed to provide efficient and independent heat rejection and is provided with one long life axial fan assembly with a blow through air across the coil design, therefore reducing air temperature over the motor and increasing service life and overall reliability.

Can be partnered with SIGMA Model EC12I, EC12H, EFF4 Internal Evaporator Units. Air flow can be reversed, increasing multiple range of applications.

Condenser Fan Assy (24v): A31-420063
Condenser Fan Assy (12v): A31-420064

Condenser Coil: A31-110312

EC22C - REMOTE MOUNT CONDENSER

A31-EC22C2 A31-EC22C4

12v
24v

BTU's: 20,472
Airflow: 1485CFM (2520m3/h)

Current Draw: 20Amps @ 12VDC
11.9Amps @ 24VDC

Height: 190mm
Width: 908mm
Depth: 332mm
Weight: 14.0kg

EC22C is manufactured with a heavy-duty mild steel case and provided with a powder coated finish. The assembly can be mounted in vertical or horizontal configuration.

EC22C has been developed to provide efficient and independent heat rejection with three long life axial fan assemblies and a blow through air across the coil design, therefore reducing air temperature over the motor and increasing service life and overall reliability.

Can be partnered with SIGMA Evaporator Model EC22H. Air flow direction can be reversed, increasing multiple range of applications.

Condenser Coil: A31-110388
Condenser Fan Assy (24v): A31-420051
Condenser Fan Assy (12v): A31-420050

Pressure Switch: A31-JE064
Thermostat: A31-JE016
