LED DRIVING LAMPS

Roadvision's S7 Stealth PRO Series Driving Lights deliver cutting-edge upgrades and a sleek modern appearance, making them the perfect choice for smaller SUVs and passenger vehicles. Maintaining the contemporary bezel-less design, the S7 series now features dynamic start-up Daytime Running Lights (DRL) and a stylish black cover with a dedicated DRL window, offering enhanced functionality and aesthetics. When not illuminated, the DRL seamlessly darkens, ensuring a sleek, understated look. With black mounting hardware, the S7 series utilizes 16 x 3W Osram LEDs to produce an impressive 5130lm per light and 631mts of beam penetration at 1 lux. Built to withstand the harshest conditions, these lights feature a lightweight yet tough aluminium housing and a durable polycarbonate lens. Powered by Roadvision's Thermal Management Technology, the S7 Stealth PRO Series guarantees superior performance and durability in any environment.
