

ELECTRONIC / LED FLASHERS

SINGLE PACK

LV4599 24V 3 PIN ELECTRONIC FLASHER

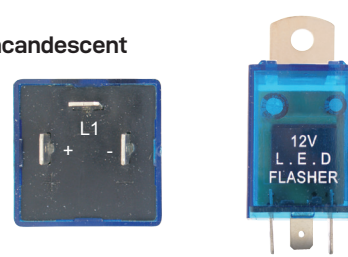

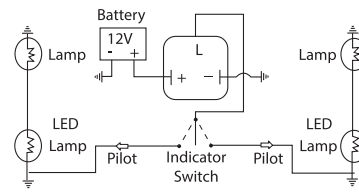

- Voltage: 24V
- Max load: 500 Watt
- 3 Pin universal
- High capacity

LV4596 12V 3 PIN LED FLASHER

- Voltage: 12V
- Load range: 0.1W-130W
- 3 Pin universal
- Maximum 6 bulbs
- Application: Rear LED indicators with front incandescent globes

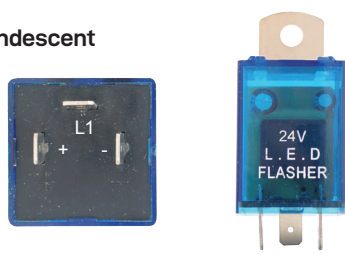

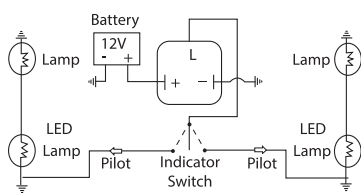

Note: Requires load of incandescent globes to function

LV4597 24V 3 PIN LED FLASHER

- Voltage: 24V
- Load range: 0.1W-130W
- 3 Pin universal
- Maximum 6 bulbs
- Application: Rear LED indicators with front incandescent globes

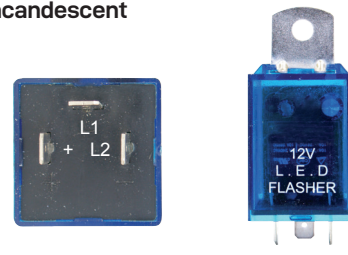

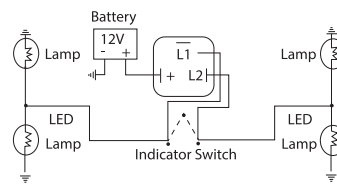

Note: Requires load of incandescent globes to function

LV4601 12V 3 PIN LED WIGWAG FLASHER

- Voltage: 12V
- Load range: 0.1W - 130W
- 3 Pin universal
- Application: Rear LED indicators with front incandescent globes

Note: Requires load of incandescent globes to function

LV4602 24V 3 PIN LED WIGWAG FLASHER

- Voltage: 24V
- Load range: 0.1W - 130W
- 3 Pin universal
- Application: Rear LED indicators with front incandescent globes

Note: Requires load of incandescent globes to function
