

## LV2300 WEATHER PACK ASSORTMENT KIT

- 169 pieces
- With terminal release tool
- Plastic storage case

169 PIECES

### Housing Features:

- Designed for the engine compartment of a vehicle
- Ideal for use in marine, agriculture & other harsh environments
- Audible snap-to-lock for housing that will not come apart
- Secondary terminal lock helps reduce stress on the terminals
- Indexed housing are designed for temperatures: -40°C ~ -120°C

### Terminal Features:

- Flex pin & lap-lock design provides a positive connection rated for 20 amps of continuous current
- Dual "tangs" lock terminal into connector housing
- Cable seal crimp wings reduce strain on the cable core & assure proper positioning of the cable seal

### Seal Features:

- Self-lubricating, silicone seals have multiple "ribs" to guard against dust, moisture, engine compartment fluids & chemicals
- Cavity seals are crimped to the terminal to assure positive position of the seal in the housing
