

Door Switches

E52-1500

Universal Door / Alarm Switch

- Metal Body with Plastic Plunger
- Long Plunger which can be cut to required length
- Normally On, Push Off
- Single Push on Terminal
- Amperage Rating 10 Amp @ 12V DC
- Mounting Hole Dia 9.5mm

E52-1501

Universal Door / Alarm Switch

- Plastic Body & Plunger
- Long Plunger which can be cut to required length
- Normally On, Push Off
- Single Push on Terminal
- Amperage Rating 10 Amp @ 12V DC
- Mounting Hole Dia 10.5mm

E52-1502

Universal Door Switch

- 2 Position, On, Mom Off
- Single Pole Single Throw
- Moisture Resistant Plastic Body & Plunger
- 2 Blade Terminals
- 12mm Metric Thread
- Rating: 15 Amp @ 12V DC

E52-1503

Universal Door Switch

- Metal Body & Plunger
- Normally On, Push Off
- 2 Screw Terminals
- Amperage Rating 5 Amp @ 12V DC
- Two Mounting Holes, Mounting Opening 18mm

E61-9251

Universal Door Switch

- Metal Body & Plunger
- Self Grounding in Metal Panels
- Contacts Open with Plunger Depressed, Spring Return to ground
- Single Female Bullet Terminal
- Plunger 7/16" (11.1mm) Long
- 5/16"-18 Self Tapping Thread, Mounting Stem 1/2" (8.0mm) Long
- Amperage Rating 5 Amp @ 12V DC

E61-91822

Universal Door Switch

- Metal Body & Plunger
- Self Grounding in Metal Panels
- Contacts Open with Plunger Depressed, Spring Return to ground
- Single Blade Terminal
- Plunger 5/16" Long, Self Adjusting to 1/4" Long
- 3/8"-24 Self Tapping Thread, Mounting Stem 7/32" (5.6mm) Long
- Amperage Rating 3 Amp @ 12V DC
