

LVXP200

Multifunction Analyser

The XP200 from Electromem is an easy to use multifunction tester to accurately test 12V lead acid-batteries. The XP200 can also be used to test the vehicles alternator and also tyre pressure. It provides the user with an easy to read LCD display showing the battery voltage/Alternator test results or Tyre pressure

FEATURES:

- Battery Test: 12V
- Alternator Test: 12V
- Voltmeter Range: 9-15V DC
- Test Leads: 35cm
- Packaged in an attractive blister pack
- Dimensions: 140 x 80 x 25mm
- Weight: 0.35Kg
