VDO

VDO SINGLEVIU GAUGES

SingleViu range builds on the reliability that VDO has been known for while adding advanced modern functionality. Featuring RGB LED illumination, stepper motor operation with 240 deg dial sweep, built in warning light and IP67 rating. SingleViu gauges will accept both analogue and J1939 signals, ensuring compatibility in more applications than ever before.

Available in 52mm, 80mm & 100mm.

Features:

- Voltage range: 8 to 32V
- Shock & vibration-resistant
- Double glazing system prevents fogging
- Anti-reflective coating
- High frontal impact resistance
- Protection class IP67
- Flame-resistant housing
- Operating temperature range -40 °C to +80 °C
- 240° display angle on all variants
- Dial illumination colour selectable via configuration software

VDO SINGLEVIU FUEL GAUGES

- 12/24V
- Ø52mm

Note: White illumination & analogue signal as standard.
8 & 12 Pin flying lead harness included.

PRODUCT INFORMATION

Part No	Voltage	Size	Signal (Ω)
A2C3833120030	12/24V	52mm	3 - 180 Ω
A2C3833150030	12/24V	52mm	90 - 5 Ω

VDO SINGLEVIU PRESSURE GAUGES

- 12/24V
- Ø52mm

Note: White illumination & analogue signal as standard.
8 & 12 Pin flying lead harness included.

PRODUCT INFORMATION

Part No	Voltage	Size	Range	Signal	Type (Symbol)
A2C3833160030	12/24V	52mm	0 - 5 Bar	10 - 180 Ω	Engine Oil
A2C3833170030	12/24V	52mm	0 - 10 Bar	10 - 180 Ω	Engine Oil
A2C3833460030	12/24V	52mm	0 - 25 Bar	0 - 5V	Transmission Oil
