

KIT

REDVISION

THE POWER OF
REDARC

BMS12050-AU MANAGER ALPHA50 WITH REDVISION

- Input: 9 - 32V DC
- Simultaneous 50A charging from DC, AC % solar power
- Output: 12Vdc
- Up to 55% smaller & 20% lighter than comparable systems
- Start battery back charge & recovery capability
- RedVision compatibility
- Bluetooth 5.1 technology
- Compatible battery types: Gel, AGM, calcium, standard lead acid, lithium
- Providing real-time charge & battery level information
- 400 x 154 x 120mm
- 2 Year warranty

Comes with:

- User guide
- RedVision display
- Smart battery monitor & companion APP

BMS12075-AU MANAGER ALPHA75 WITH REDVISION

- Input: 9 - 32V DC
- Simultaneous 75A charging from DC, AC % solar power
- Output: 12Vdc
- Up to 55% smaller & 20% lighter than comparable systems
- Start battery back charge & recovery capability
- RedVision compatibility
- Bluetooth 5.1 technology
- Compatible battery types: Gel, AGM, calcium, standard lead acid, lithium
- Providing real-time charge & battery level information
- 400 x 154 x 120mm
- 2 Year warranty

Comes with:

- User guide
- RedVision display
- Smart battery monitor & companion APP

BMS12100-AU MANAGER ALPHA100 WITH REDVISION

- Input: 9 - 32V DC
- Simultaneous 100A charging from DC, AC % solar power
- Output: 12Vdc
- Up to 55% smaller & 20% lighter than comparable systems
- Start battery back charge & recovery capability
- RedVision compatibility
- Bluetooth 5.1 technology
- Compatible battery types: Gel, AGM, calcium, standard lead acid, lithium
- Providing real-time charge & battery level information
- 400 x 154 x 120mm
- 2 Year warranty

Comes with:

- User guide
- RedVision display
- Smart battery monitor & companion APP
