WIRELESS SMARTPHONE ADAPTOR

Wired to Wireless Apple CarPlay & Android Auto™

Upgrade your driving experience with the Aerpro AMWCPAA3 Wireless Smartphone Adaptor, designed to convert your vehicle's wired CarPlay and Android Auto systems to fully wireless. Say goodbye to the hassle of tangled cables and enjoy the convenience of seamless wireless connectivity. Compatible with most factory and aftermarket head units that feature wired CarPlay or Android Auto, this adaptor ensures your vehicle's infotainment system stays up to date with modern technology.

FEATURES

- Converts wired CarPlay and Android Auto systems to wireless
- Suitable for vehicles with wired CarPlay & Android Auto
- Retains all original head unit functions and controls
- Wi-Fi 6 Connectivity for fast, stable data transmission
- Bluetooth support for wireless smartphone pairing
- Automatic connection every time you start your vehicle
- LED indicator for connection status at a glance
- Simple plug & play installation (USB-A & USB-C compatible)

Head unit requires wired Apple CarPlay or Android Auto. Not compatible with all head units.
