

SINGLE PACK

NOCO**GBC005****BOOST MAX™ 72" BATTERY CLAMPS**

- Heavy duty battery clamp design for both 12V & 24V gas & diesel engines in Class 8+/CE high-displacement vehicles & equipment
- A robust & rugged design for jump starting both top & side post batteries
- The 72" reach of the clamps allows for ease of use, when carrying the GB500 is not convenient
- Made from durable, heat stabilized 2/0 AWG silicone wire that maintains its flexibility in cold weather environments
- Designed to efficiently transfer maximum current flow with minimal power loss
- Compatible with the GB500 UltraSafe Lithium Jump Starter

**U65****65W USB-C CHARGER**

- Recharge NOCO Boost X UltraSafe Lithium Jump Starters
- Compatible with NOCO Boost X UltraSafe Lithium Jump Starter models GBX45, GBX55, GBX75 & GBX155
- Includes interchangeable adapters for Australia, Europe, North America & United Kingdom
- Charges up to five times faster than using a traditional 2A USB wall or car charger

**GBC011****65W GBX 12V CAR CHARGER**

- Recharge NOCO Boost X UltraSafe Lithium Jump Starters from a vehicles 12V power source
- Compatible with NOCO Boost X UltraSafe Lithium Jump Starter models GBX45, GBX55, GBX75 & GBX155
- GBX Fast Charge compatibility charges Boost X models within a couple hours thanks to 65W USB-C power delivery
- Built in USB-C protection for increased safety
- Molded strain reliefs prevent unwanted strain on the GBC011 wire connections

**XGC4****56W XGC POWER ADAPTER**

- A 56W power adapter for rapidly recharging NOCO Boost & NOCO Boost Max UltraSafe Lithium Jump Starters
- Charges five times faster than using a traditional 2A USB wall or car charger
- Compatible with NOCO Boost & Boost Max UltraSafe Lithium Jump Starter models GB70, GB150, GB250, GB251 & GB500
- A high-frequency, high-efficiency power supply engineered for efficient energy transfer
- Includes a 56W power adapter, plus 4 cord sets for Australia, Europe, North America & United Kingdom
