

Free-form Headlight Inserts

Polycarbonate lens die-cast alloy body suitable for HID

H4 High/low Beam 7" Headlight

Free-form reflector with polycarbonate lens

- Optics-free polycarbonate break-resistant lens
- Free-form vacuumised aluminium reflector and die-cast alloy body
- Optional sealed park light fitting built-in
- Silicon park light hole sealing plug supplied
- H4 12V 60W/55W GE globe supplied; compatible with 24V globe
- Suitable for use with quartz halogen or HID globe types
- Sealed air breather and high quality silicon H4 sealing boot
- Approvals: E approved, ECE R112
(when used with E marked quartz halogen globe)

Part Number: HL178PH4

Fully tested and compatible with Xray Vision HID Conversion Kits
(kits convert two headlights)

H4 35W 12V 4300K: **H443-K12V**

H4 35W 12V 6000K: **H460-K12V**

H4 35W 24V 4300K: **H443-K24V**

H4 35W 24V 6000K: **H460-K24V**

H4 50W 12V 4300K: **H442-50K12V**

H4 50W 12V 6000K: **H460-50K12V**

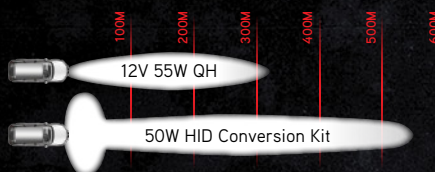

H7 High Beam 7" Headlight

Free-form reflector with polycarbonate lens

- Optics-free polycarbonate break-resistant lens
- Free-form vacuumised aluminium reflector and die-cast alloy body
- H7 12V 55W GE globe supplied; compatible with 24V globe
- Sealed air breather and high quality silicon H7 sealing boot
- Approvals: E approved, ECE R113 Class E (highest possible light output for E compliance, when used with E marked quartz halogen globe)

Part Number: HL178PH7

Fully tested and compatible with
Xray Vision HID Conversion Kits
(kits convert two headlights)

H7 35W 12/24V 4300K: **H743-K12V**
