RATCHET P-CLAMPS

RUGGED, VERSATILE, AND EASY TO USE

New to the market are the range of ratchet P-Clamps. These clamps offer the user the ability of multiple configurations in a range of applications. The P-Clamps integrate a one-piece ratchet closure the same used in cable ties for an easy one-touch closure system. Using High grade steel mounting plate with a M10 mounting hole. The clamp structure is an impact resistant, heat and UV stabilised Nylon 66 plastic material ensuring long-term durability.

NOW AVAILABLE IN 3 SIZES.

PART NO	ID RANGE	PACK	BARCODE
E53-0570	6.2 – 13.7mm	5Pk	9342828110730
E53-0571	13.2 – 19.5mm	5Pk	9342828110747
E53-0572	19.4 – 36.0mm	5Pk	9342828110754

MATERIAL & SPECIFICATIONS	
Material	Polyamide 66 high impact modified, heat and UV stabilized (PA66HIRHSUV)
Operating Temperature	-40°C to +105°C
Flammability	UL94 HB RoHS
