

NORMALLY OPEN RELAYS

Normally Open Relay with Diode - 4 Pin, 24V DC

3054

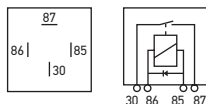

Voltage 24V DC

Current Draw 70mA

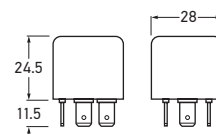

Amperage 22A

Protection Diode

Pin & Wiring

Note For common pin designations, refer to page 395

Normally Open Relay with Diode - 5 Pin, 12V DC

3055

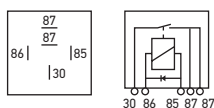

Voltage 12V DC

Current Draw 140mA

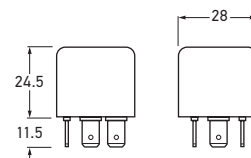

Amperage 40A

Protection Diode

Pin & Wiring

Note For common pin designations, refer to page 395

Normally Open Relay with Diode - 5 Pin, 24V DC

3056

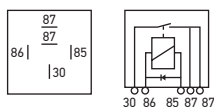

Voltage 24V DC

Current Draw 70mA

Amperage 22A

Protection Diode

Pin & Wiring

Note For common pin designations, refer to page 395
