Sedona Wall Mount Directional Vents

Voltage: 12
Speed: 3
BTU's: 17,750
CFM: 147

Width: 218mm
Depth: 170mm
Height: 338mm

Maradyne Hydronic heaters use engine coolant for cabin heating.

- Output capacities ranging from 8,500 > 20,000 BTU's
- 2 or 3 speed blower motors
- Single or dual blower assemblies

Convenient underdash or wall mount configurations make Maradyne Heaters ideal for any universal application.
