#### DESCRIPTION

EX2's hybrid beam provides outstanding width and distance, without dark spots or hot spots, ensuring exceptional clarity in the dark.

Revolutionary internal switching (patent pending) means no harness is required.

Making for the easiest wiring on the market and eliminating the need to wire these components through the firewall.

EX2's are built to last; sealed to IP68 & IP69K, with hard-coated polycarbonate lens, composite mounting brackets, stainless steel mounting hardware and a 7 year warranty.
