Xenon WhiteVision gen2

Ultimate white LED effect

- Intense homogeneous bright white light
- Perfect match with LED lighting on your car
- Up to 5000 K white light on the road
- Up to 120% more vision*

Philips Xenon WhiteVision gen2 bulbs create an **intense white look** of your car and produce brighter, homogeneous white light on the road.

*Compared to the minimum legal standard (except for D2R that provides up to 20% more vision).
