9" HR MIRROR CAMERA KIT 1080P REVERSE &amp; LIVE STREAM

12/24  
VOLT

## Mirror Monitor

- Monitor size: 9.35"
- Mounting type: clip on rear view mirror
- Input voltage: 5V (12/24V accessory power adapter included)
- Video inputs: 1
- Connection type: 2.5mm jack
- Dimensions: 260 x 18 x 72mm

## Camera

- Mount type: surface mount
- Camera resolution: 1080P
- Camera angle: 110°
- Image sensor: CMOS IMX323
- Parking gridlines: Yes
- IP rating: IP65
- Input voltage: 12V
- Connection type: Micro 4 pin
- Video cable length: 5.4m
- Reverse trigger on video cable: Yes
- Dimensions: 22 x 24 x 19mm

## Recording

- Number of channels: 1
- Resolution: Full HD 1080P (rear)
- Frames per second: 25 (rear)
- Camera angle: 110° (rear)
- G-sensor: Yes
- Super capacitor / battery: 400Mah 3.7V battery
- Auto power on/off: Yes
- Microphone: Yes
- Speaker: Yes
- USB/power input: yes (micro)
- Hard wire kit: Optional
- Power adaptor voltage: 12/24V
- Dash camera input voltage: 5V 1.5A

## Recording modes

- Continuous loop: Yes (seamless cycle recording)
- Driving impact/incident detection: Yes
- Manual (Sos): Yes
- Park impact detection: No
- Park motion detection: no

## Comes with:

- 6m camera cable (including camera lead)
- USB lead
- 1224V charging adapter
- Mounting screws
- 3M adhesive for butterfly camera
- Mirror protecting pads
- Rubber mounting clips
