

# VEHICLE IMMOBILISER

Anti-code grabbing RF Remotes

Powered By  
**FORTIN®**  MADE IN  
CANADA

**PROTECT YOUR VEHICLE WITH THE  
AREVOCUT THEFT-PROTECTION SYSTEM**

The Aerpro **AREVOCUT** system automatically arms when your vehicle's ignition is turned off and prevents anyone from starting it until the system has been disarmed. Simply disarm the system via your long-range RF remote controller so you can start the vehicle again.

**Vehicle  
Security**

**Remote  
Arm/Disarm**

**Up to 2 Km  
Range**

## FEATURES

- Theft-protection technology that disables the vehicle's engine start function.
- Protects your vehicle against the growing threat of theft (scan-tool, relay attacks, key cloning and much more).
- Arm and disarm the system with 2 long-range RF remote controls.
- 2-Way Remotes display immobiliser activity via LED.
- Anti-code grabbing technology encrypts and secures all remote-control features.
- Compatible with most vehicles.
