

SINGLE PACK

LV  
automotive™**LV1885****12V 110W MONOCRYSTALLINE FOLDING SOLAR PANEL**

- Power: 110W
- Maximum power voltage: 17.8V
- Open circuit voltage: 22.5V
- Highly efficient monocrystalline technology
- Foldable design & carry handle
- Angle adjustable support legs to maximise solar output
- Includes carry bag with storage pocket, 5m battery clamp cable & 10A/12V smart PWM controller for charging protection
- Panel dimensions: Unfolded 1052 x 664 x 35mm, Folded in bag 524 x 664 x 75mm
- Weight 11kg
- Ideal for caravanning, camping, boating & other outdoor activities
- 2 Year warranty

**LV1886****12V 160W MONOCRYSTALLINE FOLDING SOLAR PANEL****12  
VOLT** **2  
YEAR  
WARRANTY**

- Power: 160W
- Maximum power voltage: 18.1V
- Open circuit voltage: 22.4V
- Highly efficient monocrystalline technology
- Foldable design & carry handle
- Angle adjustable support legs to maximise solar output
- Includes carry bag with storage pocket, 5m battery clamp cable & 10A/12V smart PWM controller for charging protection
- Panel dimensions: Unfolded 1338 x 758 x 35mm, Folded in bag 758 x 664 x 75mm
- Weight 15.5kg
- Ideal for caravanning, camping, boating & other outdoor activities
- 2 Year warranty
