

## WDH-2S11RCBML

LED Combination Head Light with Direction Indicator - Back Mount

### Features

- LED projector type lamp
- High and low beam, position light, direction indicator and side marker light
- ECE R112 headlamp compliant
- ECE R7 position lamp compliant
- ECE R91 side marker compliant
- ECE R6 directional lamp compliant

### Specification

| Current draw(@12V)               |                       |                       |                        |                     |
|----------------------------------|-----------------------|-----------------------|------------------------|---------------------|
| Low Beam<br>(1.25A)              | High Beam<br>(2.5A)   | Indicator<br>(0.33A)  | Side Marker<br>(0.17A) | Position<br>(0.21A) |
| Wattage                          |                       |                       |                        |                     |
| Low Beam<br>(15W)                | High Beam<br>(30W)    | Indicator<br>(4W)     | Side Marker<br>(2W)    | Position<br>(2.5W)  |
| Lumens                           |                       | Operating temperature |                        |                     |
| Low Beam<br>(1500lm)             | High Beam<br>(3000lm) | -40°C ~ +80°C         |                        |                     |
| LED lifespan                     | Input voltage         |                       | IP rating              |                     |
| 50,000 hrs                       | DC 9~36 V             |                       | IP69K                  |                     |
| Dimension                        |                       |                       |                        |                     |
| 231.3(W) x 160.9(H) x 173.2(D)mm |                       |                       |                        |                     |
