

THE POWER OF

REDARC®

LIGHT DUTY DC BATTERY CHARGER

BCDC1212T

NEW PRODUCT RELEASE

REDARC is proud to introduce the new, more versatile 12-volt, 12amp input current limited In-vehicle battery charger; the BCDC1212T.

The BCDC1212T comes pre-wired with a customized wiring harness, designed to assist for smaller trailer mounted auxiliary battery box installations.

The BCDC1212T is the ideal battery charger for trailers - such as dump trailers, boat trailers, car trailers, liftgate trucks and camper vans - with electrical equipment such as hydraulic pumps, winches and fridges.

This BCDC1212T is moisture, dust, and mud resistant, designed and built by REDARC to be the highest quality and most reliable battery charger of this kind.

It is compatible with both standard and variable voltage/smartalternators and can be used in both 12 and 24-volt vehicle systems.
