ROADVISION's advanced LED utility scene light range is engineered for caravan, camping, 4x4 and emergency service applications. Featuring dual-colour amber-white illumination in a single lamp, this series delivers adaptable lighting for every environment. Use crisp white light for maximum visibility, or switch to amber to reduce glare and improve comfort in dusty, foggy or insect-prone conditions. Designed with a multi-volt 10–30V DC input and producing up to 1863 lumens of high-performance white output, these utility scene lights deliver outstanding brightness with the efficiency of solid-state LED technology and a 100,000-hour rated lifespan. Built tough with a polycarbonate lens, durable aluminium housing and maximum IP68/IP69K protection, they withstand water, dust and extreme weather with confidence. A simple surface-mount design ensures fast, hassle-free installation across a wide range of vehicles and setups. ROADVISION's utility scene light range provides dependable performance, rugged durability and versatile illumination, making it the ideal upgrade for outdoor adventurers, touring rigs and professional service vehicles.
